RAIL SITUATION AT A GLANCE

(By The Associated Press)

Eastern railway executives went to Washington to
confer with members of the senate interstate com-
merce committee.

With peace negotiations apparently halted, at-
tention was directed to the efforts of individual
roads to effect separate settlements.

Strike ballots were ordered sent to clerks and
freight handlers on the Chicago, Milwaukee & St.
Paul railroad.

Many trains were added to the list of those an-
nulled by various roads because of the shopmen's
strike and coal shortage.

Soldiers were ordered to Hoisington, Kansas;
Rocky Mount, N. C.; Aberdeen, N. C., and Concord,
N. H., because of strike trouble.

ANNOYANCES IN NEBRASKA ARE RUNNING CLOSE

Hot Official Counts Will be Necessary Decide Nominations

(By The Associated Press)

OMAHA, Neb., July 20.—Po-
lice observants watching pro-
cess of the vote in Tuesday's
primary in the race for Republican
nomination between
Adam McMullin of Beatrice
and Charles H. Randall of Ran-
som tonight expressed opinion
there was no doubt it will take
official count with mail votes
to decide the outcome, so nar-
row was the margin separating the
contestants.

These political students esti-
mated the mailed votes would to-
night be sufficient to swing vic-
tory to one or the other, as with
57 of the state's 1913 precincts
ported the difference between
the vote was less than 150, the
margin being McMullin 47,492, and
Randall 47,374.

Throughout the day, as belated
reports were reported to The As-
sociated Press the two candidates
changed first and second
places with almost every new re-
port, at one time only one vote
separating their totals.

Bryan's Brother Wins

Charles Bryan, Lincoln, brother
of W. J. Bryan, won the Demo-
cratic gubernatorial nomination
over Dan B. Butler of Omaha,
who led on the face of early
returns was wiped out as rural sec-
tions reported.

R. B. Howell, Republican na-
tional committeeman, Progressive
publican, was strengthening the
fraternal by which he won the Re-
publican United States senatorial
nomination from Congressman Al-
bert W. Jeffers, regarded as a
conservative Republican. Jeffers
lost 13,000 behind Howell in 1740
precincts and was only 600 votes
behind of Clarence A. Davis, at-
torney general, also a Progress-
ive Republican, with C. H. Gus-
son, head of the United States
Lumber Growers, Inc., trailing with
900 votes behind Davis.

Hitchcock Renominated

Gilbert M. Hitchcock was re-
nominated as Democratic candi-
date for senator by a three to one
vote over his nearest competi-
tor. With 233 precincts missing
Hitchcock had 46,735
votes. J. O. Shroyer of Humboldt
had 488, and Anthony T. Manahan
of Omaha 9,492.

Arthur G. Wray of York, who
traveled in the Progressive
movement with Roosevelt in
12 apparently was nominated
candidate of the newly formed
Progressive party for senator over
A. H. Bigelow of Omaha.

QUICKLY ARRANGED RAIL STRIKE MEET FAILS OF PURPOSE

Rail Heads Stand Firm
Against Concessions
Men Demand

(By The Associated Press)

WASHINGTON, July 21.—An
effort to settle the railroad strike
at a suddenly arranged conference
of heads of leading railroads and
members of the senate interstate
commerce committee last night
was understood to have failed.

Those attending the conference
said it now appeared that a strike
settlement was much more distant
and expressed pessimism over the
immediate outlook viewing the
coal and railroad strikes together.

The conferees were:
Among the railroad executives
understood to be in the conference
were W. W. Atterbury of the
Pennsylvania, A. H. Smith of the
New York Central, Frank H.
Alfred, of the Pere Marquette and
Alfred P. Thom, general counsel
of the Association of Railway ex-
ecutives.

Points Considered
The principal points in dispute
between the executives who were
called here more or less secretly,
and the union were gone over in
detail at the conference, with the
possibility of legislation to meet
the situation. It was said that
no legislation was practicable to
deal with the present strike.

The rail executives, it was stated,
were insistent upon three
points which the unions are de-
manding as a recession to send
the men back to work. These are
the seniority rule, the restoration
of the pension status and the ques-
tion of boards of adjustment be-
tween the employers and employ-
ees.

CHICAGO, July 20.—With all
peace negotiations in the strike
of railway shopmen apparently
at a standstill today, attention
was directed tonight to the pos-
sibility of government interven-
tion and the action of individual
roads in seeking separate
settlements with their men.

The Baltimore and Ohio rail-
road posted notices today that
it was "now ready to confer with
its men," in an effort to settle
the differences and expressed
confidence that an agreement
could be reached. Roads of the
northwest are reported to have
been negotiating for a settlement
in that section for the past ten
days and a southern railway
was said today to be pursuing a
similar course.

B. M. Jewell, head of the
shop crafts, has maintained that
any settlement must be on a
national basis.

Eastern executives meeting in
New York issued a statement re-
iterating their contention that
the strike is aimed at the govern-
ment and not at the railroads.

No indications of new peace
overtures were to be seen here.
Rail executives, labor board
members and union officials
were silent.

Clerks Walk Out
While the situation was al-
lowed to follow its own course
apparently, clerks on the Ches-
apeake and Ohio railroad went out
on strike and strike ballots were
ordered sent to clerks and freight
handlers on the Chicago, Mil-
waukee and St. Paul road. New
shop employees at the South Chi-
cago shops of the Baltimore and
Ohio railroad also quit work and
it was announced that clerks on
the Chicago and Northwestern
road were awaiting the result of
conferences between George A.
Worrell of the clerk's organiza-
tion and Frank Walters, general
manager of the road.

The unions presented a com-
promise proposition after the
clerks had voted to strike and the
road officials promised an answer
tomorrow. If the answer is
unfavorable, union leaders said
the 7,300 members of the union
on the road would quit work as
strike sanction had been given.

More Trains Annulled
Many trains were added today
to the list of those annulled by
various roads, because of the
coal strike and shopmen's strike.
Four local passenger trains op-
erated by the Chicago and North-
western by the Chicago and North-
western in Iowa, will be annulled
tomorrow, the St. Louis and San
Francisco road annulled two be-
tween Birmingham and Memphis,
the Northwestern annulled two be-
tween Mason City, Iowa, and
Belle Plaine, Iowa, the Wash-
burn announced it had taken off six
trains in the Cincinnati division,
and passenger traffic on the
Northern Pacific line entering
Duluth has been cut fifty per
cent it was announced.

Troops Sent Out
Troops were sent to Hoisington,
Kans., and to Rocky Mount,
N. C., and Aberdeen, N. C., while
original plans to remove troops
from Waycross, Ga., were aban-
doned when local authorities
said they were still needed. Sol-
diers also were ordered on duty
at Concord, N. H.

GOVERNOR ALLEN HAS AUTHORIZED EDITOR'S ARREST

William Allen White
of Emporia Gazette
Had Defied Ruling

(By Associated Press)

TOPEKA, Kans., July 20.—
Governor Allen tonight author-
ized the arrest of William Allen
White, editor of the Emporia
Gazette for alleged violations of
the anti-picketing provision of
the Kansas industrial court, and
issued a statement. The warrant
probably will be issued tomor-
row, it was believed.

Declaring in a signed state-
ment "no distinction will be
made as to individuals, no mat-
ter what their standings may be
in the state or nation," and "cer-
tainly we cannot make any ex-
ception to Mr. White's case."

Governor Allen turned the
prosecution over to Attorney
General Hopkins.

Cause of Trouble
White had carried placards in
the Gazette windows supporting
the railway shopmen's strike.
He also carried a front page edi-
torial in the Gazette Wednesday
during Governor Allen to prose-
cute him for advocating the
cause of the striking railroad
employees.

Governor Allen's statement
follows:
"The Kansas court of indus-
trial relations act prohibits a
strike in an essential industry.
It pledges the power of the state
to the protection of the public
against the cessation of any of
these industries. The act declares
that any man who wishes to
work shall not be molested in
the exercise of that right and it
prohibits strikers from using
violence, intimidations, threats,
or any form of persuasion in or-
der to deter those who wish to
work in an essential industry from
doing so. It declares that every
form of picketing is a part of
the conspiracy to deprive the
public of transportation."

"When the shop crafts walk-
ed out in Kansas, their leaders
tried various forms of picketing
which were deterred from putting
any of their picketing plans into
effect. Finally they secured the
co-operation of men who run ho-
tels, grocery stores, and restaur-
ants in some of the shop centers
and prevailed upon them to re-
fuse to sell groceries to, or pro-
vide accommodations for any of
the workers who had come into
take the place of the strikers.
The state interpreted this inter-
ference as picketing and com-
pelled all who were carrying on
this form of boycott, to cease it."

"Having failed in all their
other picketing plans, two days
ago the strike leaders inaugu-
rated a new program. They pro-
vided themselves with large win-
dow cards containing a declara-
tion of sympathizer for the
striker and a hope that they
would win the strike. The com-
mittee called upon merchants in
two or three shop towns and in-
sisted upon the merchants plac-
ing these cards in their windows.
This plan was for the purpose of
creating an atmosphere of hos-
tility toward those who were
continuing to work."

Attorney General Ruling
The attorney general ruled
this well organized action on
the part of the shop men and
their sympathizing friends con-
stituted a part of the conspir-
acy to deprive the public of
transportation. This action con-
stituted a direct and public ap-
proval of an unlawful act and
amounts to a conspiracy of the
part of the storekeeper and the
striking shopmen to deprive the
public of transportation.

"Upon this request of the gov-
ernor and the attorney general,
most of the merchants took
down these cards and the city
governments in the various
places reported that the cards
would all come down."

TROOP MOVEMENTS IN VARIOUS STATES DUE MINE STRIKE

Are Being Mobilized at
Points Where Trouble
May Occur

(By The Associated Press)

HARRISBURG, Pa., July 20.—
Troops were ordered out by Gov-
ernor Sproul tonight for duty in
the southwestern Pennsylvania
bituminous coal fields. A regi-
ment of cavalry, a machine gun
squadron and a motor truck com-
pany of the national guard were
ordered to proceed tomorrow to
points in the bituminous region.

The troops include the 104th
cavalry, headquarters Harrisburg,
52nd machine gun squadron,
headquarters Bellefonte, and
Motor Transport Company Num-
ber 110, York. State police and
local authorities will co-operate
with the guardsmen.

In all about 1,100 will be on
the field. Within 24 hours ap-
proximately 4,000 more will be
on the Mount Gretna encamp-
ment in reserve with 5,000 addi-
tional prepared for camp duty
later on.

The governor's action followed
conferences with state officials,
national guard officers and coal
operators, the latter assuring him
of their desire to resume mining.

Orders for the troops to take
the field were inspired by a desire
to forestall any trouble which
might attend the resumption of
mining.

The governor in a proclamation
said "the time to stop the disorder
is before it starts." Co-operation
of local authorities is bespoken.

Governor Sproul in a state-
ment said frankly that he was
apprehensive of some outbreak.
His proclamation declared a
march and assembling of large
crowds were forbidden.

Situation in Ohio
Columbus, Ohio, July 20.—Gov-
ernor Davis late today ordered
national guard troops now mobil-
ized to proceed immediately into
the coal mining districts and
also ordered additional units
mobilized.

Three companies of infantry,
one machine gun company and
one motor transport company
began entraining immediately for
Cadiz, Harrison county, for use
in the eastern coal fields. An-
other company of infantry at
Lancaster, will be held in readi-
ness for operation in the south-
ern fields.

The troops are not to be sent
directly to the mines, but are to
be held at Cadiz and Lancaster
for quick movements to points
where they may be required, Gov-
ernor Davis said. Urgent appeals
had come to him from both the
sheriff and prosecuting attorney
of Harrison county he said, as
they considered local means in-
adequate to insure order in that
territory.

First Iowa Call
Sioux City, Ia., July 20.—The
first call for militia in Iowa has
been made as the result of strike
disturbances.

The Chicago, Great Western
railroad has appealed to Governor
Kendall for troops to guard its
property in Oelwein, Iowa, it was
learned on good authority.

It is alleged that strikers or
strike sympathizers made an at-
tack on the Oelwein roundhouse
last night and that a Chicago
passenger train was stoned yes-
terday.

FARMER-LABORER UNION ENDORSED

(By The Associated Press)

OSHKOSH, Wis., July 20.—
The Wisconsin federation of labor
convention today went on record
as "heartily endorsing" a
movement to bring farmers and
labor into a coalition for organ-
ized political action and the for-
mation of farmer-labor leagues in
all congressional and legislative
districts as a means of bringing
political reform in the primary
election campaign now confront-
ing the voters.

Direction was given the execu-
tive board of the federation to be
represented at the national con-
ference to be held at Chicago in
December for the purpose of set-
ting under way a new political
movement and the convention in-
structed the board to use every
effort to further such new politi-
cal organization.

SEVERAL KILLED IN CROSSING ACCIDENT

BUFFALO, N. Y., July 20.—A
whole family of five and two oth-
er persons, were killed and one
other seriously injured in a grade
crossing accident on the Michi-
gan Central Railway, six miles
west of Bridge Burg, Ont., this
afternoon.

An automobile driven by Daniel
Fretz, of Colorado Springs, Colo.,
was hit by Toronto, Ham-
ilton and Buffalo passenger train
running on the Michigan Central
tracks.

ETERNAL TRIANGLE CAUSES TWO DEATHS

Kansas City, Mo., July 20.—
Mrs. Irene Cape, 24, and E. E. Bar-
ton, a former roomer at Mrs.
Cape's address, are dead as the
result of a murder and suicide to-
day. Barton, who had been
warned to leave the rooming house
where he lived, by John Cape, Mrs.
Cape's husband, shot the woman
and turned the gun on himself,
police said.

STERLING SENDS HIS REPLY TO THE PRESIDENT

Promise Protection if
Illinois Mine Operat-
ors Resume Work

(By Associated Press)

SPRINGFIELD, Ill., July 20.—
Promising protection by Illinois
troops if Illinois operators can ob-
tain sufficient miners to work their
mines, acting Governor Fred E.
Sterling late today dispatched his
response to the request of Presi-
dent Harding that Illinois mines
be re-opened. His promise of co-
operation was qualified by the ex-
pression of doubt that any of the
mines would attempt to re-open
because of the lack of workers.

Refers to Kentucky
Asking that he not be regarded
as "presumptuous" Mr. Sterling
recommends that the president
turn his attention to the non-union
fields in Kentucky and elsewhere
and see that they are provided with
sufficient coal cars to handle their
output. "I have been advised,"
he wired the president that the
mines in Hazard field in Kentucky
have not operated for the past
two weeks.

"I am hopeful" he wired "that
the coal miners and operators of
Illinois, mindful of the gravity of
the present critical situation, with
another winter rapidly approach-
ing and coal bins empty will
soon listen to the appeal to reason
by the consuming public get
together and adjust their differ-
ences."

Places Blame
Difficulties preventing the re-
opening of Illinois mines are laid
by the acting governor to the min-
ing laws of the state and the ap-
parent inability of operators to
obtain non-union workers to re-
place strikers. His telegram sent
President Harding, detailing these
difficulties, said:

"In my opinion, qualified men
are wholly lacking to operate Illi-
nois mines. If the operators can
find an adequate number of men
qualified to work in Illinois mines,
I will join with federal authority
in protecting the rights of quali-
fied persons to work in such mines
and the property used for that
purpose. The question in Illinois
is the ability to secure qualified
miners. The necessity of an im-
mediate resumption of work is
fully realized and the gravity of
further delay cannot be minimiz-
ed. The governor of this state will
extend adequate protection to
qualified persons and the lawful
right to work and will protect
property and maintain law and or-
der within the limits of his law-
ful power."

"I hope you will not regard me
as presumptuous for offering a
suggestion for your consideration,
looking to any increased produc-
tion of bituminous coal in the state
of Kentucky and other non-union
fields, namely, that the proper
authority be instructed by you to
give at once priority orders on
cars for the shipment of coal, to
the end that the mines, now work-
ing, may be supplied with suffi-
cient cars to transport their output
and that the latter be increased by
the companies now operating their
mines by working double shifts if
possible. I have been advised
that the mines at Hazard, Ky.,
have not been operated for the
past two weeks."

PRESIDENT HARDING TO VISIT CHICAGO

(By The Associated Press)

CHICAGO, July 20.—President
Harding will give Chicago a try-
out as a summer resort during the
last week in August unless pres-
ent plans go awry, F. W. Upham
said today. The program for the
week's visit is in the hands of
Mr. Upham and Brigadier Gen-
eral Charles G. Dawes, whose guests
the president and Mrs. Harding
would be. The only possible ob-
stacle, Mr. Upham said, is contin-
uation of the coal and railroad
strikes for another month which
would require the president re-
maining in Washington.

The president, according to
present plans, expects to go to
Moonsheart to attend a celebra-
tion of the Loyalty Order of Moose
on August 24, as the guest of Sec-
retary Davis, an officer of the or-
der.

From Moonsheart the presi-
dent expects to return to Chicago
and spend as much time as possi-
ble on the golf course and in rest
and recreation, Mr. Upham said.

LABOR TERRORISTS GIVEN SENTENCES

with conspiracy in connection
with alleged labor terrorism in
South Chicago, six men and one
woman, all of them union mem-
bers or officers, were given sen-
tences of from one to five years

fine each in criminal court today.
The defendants were accused of
five cases of extortion, two of
window smashing and one bomb
explosion.

COAL SITUATION AT A GLANCE

(By The Associated Press)

A coal shortage next winter has been made certain,
according to Attorney General Daugherty, because
of the mine and rail strikes.

Federal government plans to secure distribution of
the now dwindling supply by priority orders to sup-
ply essential railways and the northwest.

President Harding continued to receive replies
from governors, practically all of whom assured him
that they will protect mine operations.

John L. Lewis, president of the United Mine Work-
ers, reiterated the determination of the union lead-
ers to carry on the strike until they have obtained
successful negotiations for a satisfactory wage scale
basis.

Troops were ordered out in several states.

FORD'S OFFER FOR THE SHOALS GETS SETBACK

Much Sarcasm Devel-
ops in Considering
Financier's Offers

(By Associated Press)

WASHINGTON, July 20.—Re-
jection of Henry Ford's offer for
Muscle Shoals and enactment of
legislation for development of
the war built projects in Ala-
bama by a government-owned
and government controlled cor-
poration was recommended to
the senate today by Chairman
Norris, of the senate agriculture
committee.

The agriculture committee
chairman's views were set forth
in a voluminous report, differing
portions of which were supported
by various committee members.
Senators Page, Vermont; McNary,
Oregon; Keyes, New Hampshire;
Gooding, Idaho; Norbeck, South
Dakota; Harrell, Oklahoma and
McKinley, Illinois, Republicans,
and Kendrick, Democrat, Wyo-
ming, the report stated, favored
rejection of the Ford offer with
Chairman Norris. Senators Mc-
Nary, Norbeck, McKinley and
Gooding, it was added concurred
with the chairman in the recom-
mendation for government de-
velopment along the lines detail-
ed in the pending Norris bill.

Senator Kendrick declared in
the senate after submission of
the report that he "would be
glad to vote to approve the of-
fer of Henry Ford provided a
modification is made of the
time limit of the lease."

The Ford offer provides for a
hundred year lease and Sena-
tor Kendrick explained that he
favored the 50 year maximum
provided for now leases in the
federal water power act.

The report criticized the Ford
offer sharply, describing it as
"the most wonderful real estate
speculation since Adam and Eve
lost title to the Garden of Eden"
and inquiring "why a warranty
deed to the capitol at Washing-
ton is not included in this great
transfer of government property
to this wonderful corporation."

turbances in Montana and Idaho
were reported to him Mr. Daugh-

tions had become satisfactory.

Business Slowing Up
Effect of independent rail dis-
order has been noticed in a slow-
ing up of the business situation
in recent weeks, the commerce
department noted in a periodic
review, though actual coal short-
age had not been occasioned.

President Lewis of the United
Mine Workers, today transferred
the union's temporary coal strike
headquarters to New York, but
left here reiterating the determi-
nation of the union miners' lead-
ers to carry on the stoppage of
the industry until they obtained
satisfactory negotiations for a na-

A THOUGHT

Righteousness exalteth a nation, but sin is a reproach to any people.—Proverbs 14:34.

THE sources of artificial strength and artificial weakness are being dried up. Governors and governed, employers and employed, are coming to be co-workers for the same ends. Not the old mercies repeated, but new mercies going vastly deeper than the old—these are what men are beginning to see that the world is needing and that God is giving to the World He loves.—Phillips Brooks.

ETERNAL VIGILANCE.

Have you ever come close to getting killed at a railroad crossing? The number of deaths from this cause has been cut in two since 1907. But the toll is heavy and 76 out of 100 crossing deaths happen to auto drivers.

Contrary to general belief, reckless driving is not the cause of most crossing accidents.

E. M. Metcalfe, safety expert of the Northern Pacific, has been checking up on his road. He finds that really reckless drivers are few. But "thousands of motorists every day drive over the railroad tracks without taking the trouble to look either to the right or left."

This is an old scandal on auto accidents—that more people risk their lives by carelessness when driving slowly than when speeding.

The fact that we may be driving slowly is apt to lull most of us into a false sense of security. The less apprehensive we are of danger, the more careless we become.

Eternal vigilance is the price of safety.

Auto driving never can be

made fool-proof like the machine enclosed in safety guards. Eliminating railroad crossings, while desirable in cities and dangerous curves, can never be applied generally.

There are 251,939 highway crossings on the principal railroads alone. They are being eliminated at a rate of 400 a year. At that rate, says Metcalfe, it would take 629 years to remove all the crossings, and at a cost of \$12,500,000,000.

Personal and never flagging caution is the real curb for auto accidents—and all others.

Charles Bryan seems to be the Democratic nominee for governor in the state of Nebraska. However, unless there is an unexpected upheaval in that state before November, Mr. Bryan will have no greater honor than the nomination.

The long continuance of the railroad strike, that is, for a period of nearly three weeks, is now taken to indicate a fight to the finish. That the roads look optimistically upon their ability to continue service is indicated by the fact that they are continuing the advertising of special rates for future dates.

It's quite a frequent occurrence when the state records are shown that a man who says continuously in politics doesn't leave nearly as much as his reported worth.

Roger Sullivan, long prominent in Illinois Democratic politics, violated the rule for his estate was worth a million and a half.

But while there is great variance in the value of estates that public men leave, it may be worth while to remember that there isn't the slightest difference in the value of the amount these departed leaders take with them.

The living cost is accounted the basic thing in the determination of proper wages. Since statistics so frequently show variation in living costs, it is easy to understand how readily employers and employees may differ on the facts as to living costs.

The unprejudiced onlooker has a feeling that the government would face an easier problem in the running of railroad trains by new workers under armed protection than it would in the operation of mines.

Dangers that are at hand in mining work especially if there are agencies busy purposing to increase that hazard, are so potent that the operation problem is entirely different from that which

BERTON BRALEY'S DAILY POEM

WHY, BROTHER?

By Berton Braley

LIFE is too short to spend in harboring
The memory of every slur and sting;
Of little woes that irk us every day;
There's hardly time enough to work and play,
To laugh and love, and now and then to sing.

BEFORE we know it we are getting gray;
To store up rancor truly doesn't pay;
It wastes the time—and time is on the wing
Life is too short.

WE need the moments when we can be gay,
Why should we burn them up with thoughts that stray
To anger over every little thing?
Much worry over fancied cares will bring
Nothing but lines and wrinkles! Anyway,
Life is too short.

GOOD ROADS BOOSTERS AT WOODSON MEET

Get-Together Program Under
Auspices of Morgan County
Association.

In connection with the burgoon supper at Woodson Thursday night Morgan County good roads boosters held a largely attended meeting. Rev. I. H. Fuller called the assembly to order and presented W. E. Sullivan, president of the Morgan County Good Roads association, as the chairman.

Mr. Sullivan spoke briefly of the purpose of the association and said that it is the plan to re-mark all trails in this county before winter comes. He spoke of the need of markers at all county lines and emphasized the fact that hard roads and general highway betterments will be brought about more rapidly as people work together.

Henry Frisch and John W. Merrigan also spoke briefly. They referred to the fact that the people of the cities and towns are alike interested in the good roads movement and that the betterments are of interest to all.

Reference was made to the completion of the Moredock bridge and what it should mean to Morgan county, and the speakers said that the Jacksonville Chamber of Commerce in its good roads work keeps in mind the people of the people of the different towns just as certainly as it does the residents of Jacksonville.

In completing the program brief remarks were also made by D. J. Staley. It was an enthusiastic gathering and there was no doubt about the Morgan county interest in good roads.

BANKER'S FRIENDS ELATED

"Twelve years ago I became afflicted with stomach trouble which steadily became worse. I frequently became prostrated with colic attacks and bloating. My doctors wanted to operate for gall stones. I wished to avoid an operation and on advice of a friend tried Mayr's Wonderful Remedy with excellent results as since taking it about 2 years ago my trouble has entirely disappeared." It removes the catarrhal mucus from the intestinal tract, allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists.

PACKING BUSINESS EXPLAINED BY EXPERT

C. H. Hardy of Swift & Co., Public Relations Department Made Address Before Kiwanis Club.

At the weekly meeting of the Jacksonville Kiwanis club Mr. C. H. Hardy of the public relations department of Swift & Co., made a very informing address upon meat foods and prices. The attendance prizes for the day were awarded to H. E. Wheeler and Clarence York.

President Farrell introduced George Edman, a former resident and now of St. Joseph, Mo., and Wood Phillips for one minute talks.

Mr. Hardy in a very coherent way explained some of the difficulties of the meat business. He said that the total food bill of the United States each year is \$15,000,000,000 and that 20 per cent of this amount is spent for meat. One factor in the cost of production is that two-thirds of the livestock is grown west of the Mississippi river, while two-thirds of the population of the country is east of the Mississippi. So it can be seen that transportation enters quite largely into meat cost.

The packing business is highly specialized and use is made of portion of the slaughtered animals. It is necessary that this be done in order that meat may be sold to the consumer at any reasonable price. The greater demand is for the choicer cuts of meat and the problem that faces the packers is to make disposition of the other cuts of the portions of the various animals not in demand for food. So in the handling of the meat business on any large scale, ample capital and equipment are necessary, together with an extensive sales force, to provide the necessary distribution.

The fact that meat is so highly perishable makes for difficulty and expense in the handling of meat products. A consideration of those facts and others in connection with the packing business, will easily make it clear that the packers have a difficult and complicated business.

Among other guests at the luncheon yesterday were George Vasconcellos, Robert Hughes, H. H. Green, W. D. James, and George H. Hazlett, Jackson, Mich.

VISITORS HERE FROM PENNSYLVANIA

Mr. and Mrs. P. M. DeWitt and daughter of Bridgewater, Pa., are in the city, guests at the home of Mr. DeWitt's brother, Rev. H. DeWitt, pastor of Second Baptist church. Mr. DeWitt is a retired business man of large wealth. He was born in Georgia and when a boy of four years old the family moved to Bridgewater, Pa. As a driver of mules and then as a young man had a position as coachman and gardener.

In the latter position he gained experience for his life work, that of a florist. During the thirty-five years in which he engaged in this work he built up an extensive business and came to be known as the most prominent man in that line in the whole district in which he lived. He retired from active business several years ago.

Obituary

George J. Hills, an old and highly respected citizen of Lynville, died at his home recently, after a long period of ill health.

Mr. Hills was born at Craft, Yorkshire, England on Jan. 2, 1835. On Feb. 16, 1856 he was united in marriage to Miss Elizabeth Clark. They moved to this country sometime later and settled near Lynville, where they made their home. He was a member of the Episcopal church, Lynville Lodge, I. O. O. F. and Ridgely Encampment No. 9 of Jacksonville.

He is survived by three daughters, Mrs. Nathan Harrell of Baldwin, Kansas, Misses Lillie and Nettie Hills of Lynville; two sons, William R. and J. L. Hills, both of Franklin, Ill.

Funeral services were conducted from the M. E. church Lynville and were in charge of Rev. G. T. Welzel, who was assisted by Rev. L. L. Cronkrite. The singers were: Alice Gibbs, Mr. and Mrs. Fred Schofield and L. R. Cronkrite. Miss Blanch Hills was the pianist. The floral offerings were in charge of Misses Gertrude Dodsaworth, Maymie Potter, Lona Watson and Sallie McKinney.

Interment was made at Liberty cemetery, the services at the grave being in charge of Lynville I. O. O. F. The bearers were J. H. Gill, William Watson, A. C. Stainesforth, Wesley Combs, H. V. McNeely and Homer Summers.

Mr. Hills will long be remembered, not only because he was an old and respected citizen, but also for his fine and conscientious workmanship as a cabinet maker. He learned the trade in England, spending seven years as an apprentice. He has done work for most of the families in the community and no one ever knew him to use poor material or slight a piece of work.

INTER CITY GOLF MATCH ARRANGED

Local Players Expect to See Some Great Contests—July Tourney Planned.

The local golfers have arranged an inter-city golf match to be played between Walton, the Springfield professional, and one amateur, and Jack Keywood of this city and one amateur.

Walton will also bring two extra amateurs to play two local amateurs.

The big match will be played on the Nichols park course on the thirty first of this month. The local men to play in the match will be selected from those making the best score between now and the time of the event. It was stated that the names of the Springfield players will be available in two or three days. Later in the summer the local men will go to Springfield and play a return match on the Bunn park course.

It is hoped that matches may be also arranged with the players of Bloomington and Quincy. If this is done Jacksonville will be able to see some of the best amateur talent of central Illinois in action.

Golf Course Notes

Next Sunday a contest is approaching and putting will be held on the ninth green of the local course. Prizes will be offered to the winners in this contest.

July 28th, 29th and 30th were decided upon by the committee of the local course, as the days for the July tournament. This tournament will include every player in the city. A surprise in the match is being planned by the committee.

So many are now using the local course that the committee on greens has decided to enlarge the sand greens before seeding them down. The astonishing number of sixteen hundred and eighty seven players used the course during the month of June alone.

The work on the greens will begin about the fifteenth of August. Temporary greens will be used during the time the greens are being seeded.

GOVERNOR ALLEN HAS AUTHORIZED EDITOR'S ARREST

(Continued from Page One)
"William Allen White, who has been one of the strike sympathizers from the beginning is the first man to openly defy the law officers in this matter and to declare his intention to display the slogan of the strike leaders in his shop windows and to continue this form of encouragement to the men who are now violating the law of the state. Mr. White is a man with a potential following in the

state and his declaration that he did not intend to obey this law has aroused a sympathetic response among other strike sympathizers. Cards that were taken down yesterday in obedience to the request of law officers are being put back today as the result of Mr. White's action, and a new spirit of hostility and determination has been aroused in the minds of the strikers who believe that in Mr. White they have secured a champion whose example will justify them in new acts of disobedience to the law.

"It is now apparent that we are not going to be able to stop this practice in Kansas without arrests and prosecutions. No distinctions will be made as to individuals, no matter what their standing."

JOINT S. S. PICNIC AT WHITE HALL AUG. 3

Extensive Plans Being Made for Joint Sunday School Picnic at Gregory Park—Other White Hall News of Interest.

White Hall, July 19.—Sunday school activities are not languishing with the summer season. At the suggestion of R. A. Barton, arrangements have been formulated for holding a joint Sunday school picnic in Gregory Park on Thursday, August 3rd, from 11 a. m. until dark. The band will be engaged, and the merchants will be asked to participate as far as possible by the cessation of business. There will be a parade to the park at 10 a. m., headed by the band, and a great basket dinner will be held. There will be a base ball game and speeches during the afternoon. A week later the annual Greene County Sunday School Association will meet in annual convention in White Hall, and the picnic will afford one opportunity to arrange for the entertainment of the larger body.

Plan Base Ball Game
There is indicated unusual interest in the merchants' half holiday and base ball game in conjunction with the annual Baptist fish fry next Thursday, and only unfavorable action on the part of the weather man will prevent a large attendance. The fish fry will be held in the grade school park at noon and in the evening the proceeds of which go to the building fund, which fund, by the way, was enlarged by the observance of tag day last Saturday by the girls of Mrs. Thorman's Sunday school class. The base ball game between the clerks will take place in Legion park at 2 p. m., and this will be for the benefit of the K. P. band, which organization will give an evening concert in connection with participating in the other events.

O'Connell Funeral
Funeral services over the remains of Mrs. Cora McConnell, wife of Samuel McConnell, were held at 2 o'clock today in Oak Grove Baptist church, five miles west of White Hall. The discourse was delivered by Rev. J. F. Brinkman, pastor of the Roodhouse Baptist church, and the burial was in Pine Tree cemetery at Patterson.

The deceased passed away at 5:25 p. m. Sunday in the family home in the Oak Grove neighborhood, the cause of death being heart trouble, with which she was ill about two weeks. Her maiden name was Cora Crabtree, daughter of the late Chester Crabtree, and she was a native of the neighborhood where she died, being born 49 years ago November 7th last. On September 13th, 1888, she and Samuel McConnell were married,

and they resided in Roodhouse until two years ago, when they took charge of the farm of her father following his death. Mr. Crabtree and three children, Georgine, Alta and Martha, survive. She was a member of the Baptist church, R. N. A. and the M. P. L. of Roodhouse. One brother, Ira Jackson Crabtree, survives.

Celebrates Birthday
Mrs. Sallie Griswold, widow of the late Henry Griswold, was 86 years of age Sunday, and her home on Carrollton street was the scene of a dinner gathering of her family and friends. The affair being handled in a rather modest and quiet manner on account of the recent indisposition of the aged lady. She is one of the great pioneer women of the community. She resides with her daughter, Miss Mamie. Her son, George C. Griswold, resides on West Bridgeport street, and devotes his time to the operation of his farm and giving his best effort to community enterprises such as fish fries and the chautauqua, in which he is a great worker. Two sons, Elmer and Albert reside on Apple Creek Prairie.

James E. Ormsbee, who is installing an automatic bank alarm system at Collinsville, Sunday with Mrs. Laura Pritchett in White Hall. His mother was formerly Miss Mary Pritchett, sister of the late Dr. T. W. Pritchett, once a school teacher in this community. The family resides in Chicago.

Edward Watson, son of the late Hiram Watson of White Hall, died recently at Coal Gate, Okla., and was buried there. He is survived by a wife and one son, the latter 20 years of age. The age of deceased was 60 years. Miss Mayme Watson, of White Hall, is the only survivor of this once leading family.

He was forced to land there Sunday on account of engine trouble.

WEBER AND FIELDS ARE FRIENDS AGAIN

NEW YORK, July 20.—Joe Weber and Lew Fields, Dutch comedians, who won fame during the days of Tony Pastor and whose came estranged more than ten years ago, have been reunited. Announcement to this effect, made tonight by a vaudeville circuit added that the team would begin rehearsals for a new review this month.

DENY THAT RAILROADS ARE DELAYING MAILS

(By The Associated Press)
ST. LOUIS, Mo., July 20.—Emphatic denial of charges made at Denison by E. H. Wilson that the railroads are delaying the mails in an effort to bring out federal troops was made at the general offices of the Missouri, Kansas & Texas late this afternoon. The statement declared Mr. Wilson's charges "ridiculous" and emphasized that the road was running its trains "as fast and as closely on schedule as possible."

Denial that discontinuance of six trains would interfere greatly with the movement of mails was made this afternoon by J. E. Taussig, president of the Wabash railroad. Mr. Taussig asserted the Wabash was operating more trains at present than when under federal control and that the annulment of six trains was due to lack of passenger travel. He also denied the road faced a serious coal shortage.

LEGISLATORS OUT FOR ADDED PAY

(By The Associated Press)
JEFFERSON CITY, Mo., July 20.—Both houses of the legislature would remain intact, the regular sessions would be reduced from 70 to 60 days, and the pay of members would be increased from \$5 to \$10 a day in the report of the committee on legislation presented to the constitutional convention today. The committee also reported today and recommended a literacy test for voters and substitution of primary elections instead of primary elections to choose party candidates.

SPRAYING FOR FUNGUS DISEASES

Early Blight on Potatoes, Melon Rust and Downy Mildew on Cucumbers Can Be Controlled By Spraying With Bordeaux Mixture.

URBANA, Ill.—Fungous diseases such as early blight of potatoes, melon rust, downy mildew on cucumbers, and leaf spot of tomatoes may be controlled by spraying the plants with Bordeaux mixture, according to University of Illinois authorities. Bordeaux mixture prevents disease spores from germinating, therefore, its effectiveness depends upon its application before the disease appears, they state.

Bordeaux mixture consists of lime, copper sulphate and water; a common formula being 4 pound stone lime, three pounds copper sulphate and 50 gallons of water. The lime should be slacked and then diluted in 25 gallons of water, while the copper sulphate should be dissolved in the other 25 gallons of water. The two diluted solutions should then be poured together simultaneously to make the Bordeaux mixture.

"Bordeaux mixture," it is explained, "will successfully control the plant diseases mentioned provided the mixture is applied in advance of the disease and the spraying repeated at intervals of about two weeks. In addition, the mixture is of added value to cucumber and melon growers because it acts as a repellent to the striped cucumber beetle, which will avoid plants thus sprayed."

"In case of a simultaneous attack, for example, on melons by a chewing insect (striped beetle), a sucking insect (melon aphid), and a fungus disease (melon rust), the control measures may be combined and a spray may be used consisting of 4 pounds lime, 3 pounds copper sulphate, 2 pounds arsenate of lead and one pint of nicotine sulphate to fifty gallons of water, and the combined spray applied in one application."

"Cabbage root magots may be controlled by dissolving one ounce of corrosive sublimate in ten gallons of water and pouring one half cup of this solution on the center of the plant so it will run down the stem. This should be applied at the time the cabbage plants are transplanted to the field."

St. Cloud, Minn., July 20.—Damage unofficially estimated at \$150,000 by a severe wind, hail and rain storm which swept over a path eight miles long and two miles wide thru Holding and Krain townships, in the north central portions of Stearns county today.

HINT OF REPRISALS IF MINES OPERATE NON-UNION FORCE

Reports Regarding Mine Openings from Several States

(By The Associated Press)

MUSKOGEE, Okla., July 20—Reprisals will be made on coal mine operators in union district 21, comprising Oklahoma, Arkansas and Texas, when men, E. F. Ross, district secretary, said tonight following receipt of a telegram from John Wilkinson, district president who is in Indianapolis, ordering out 600 men in the district who had been producing coal for public utilities and institutions.

The walkout order became effective at once. "The engineers, pumpmen and firemen staying on the job to protect the mines will be called out if strike breakers are used," Ross said.

Suspension of work in the Arkansas, Oklahoma and Texas coal fields, which were working under an agreement to provide coal for public utilities, hospitals and schools was ordered because of a violation of that agreement, John Wilkinson, president of district 21 of the United Mine Workers said today.

The companies for which the miners were working violated the agreement when they sold their coal to railroad companies, Mr. Wilkinson said. The agreement, the district president stated, was to furnish coal for only public utilities and public institutions.

Indiana Outlook

INDIANAPOLIS, Ind., July 20—Governor McCray today began plans for holding conferences with Indiana operators in regard to the coal situation in this state and the re-opening of the mines, under state and federal protection as requested by President Harding. E. D. Logsdon, vice president of the Indiana Bituminous Coal Operators' association was the first operator invited to visit the governor's offices. It was indicated that others would follow, but no plans were said to have been made for a group conference. It was said in official circles that the next move toward re-opening the mines would be up to the operators.

The governor has not outlined his plans for action but it is believed he contemplates the operation of strip mines by the state, as this could be done with less skilled labor than is required in the operation of regular mines.

Mines in Tennessee

CHATTANOOGA, Tenn., July 20—It was announced today that operation had been started at the mines of the Commercial Coal and Coke company, near Pikeville, Tenn., this corporation, capitalized at \$1,500,000 having taken over the property a year ago. The mines had been idle for many months. A daily coal production of 500 tons is expected within a short time. The miners are working on a wage scale agreeable to both parties.

VOLUNTARY FAST ENDED IN DEATH

(By The Associated Press)

NADA, Ky., July 20—William Rice, mountain preacher, dead by reason of a voluntary fast begun on May 13, was buried near here today. He lost the power of speech Monday. His fast was undertaken, he had declared, for the purpose of "purifying his body."

Mr. Rice expressed conviction that an angel would be sent to earth to escort him away "on a train." Later, he lost hope that his departure thus would be signalized and said a great storm would mark his burial. The sun shone down from a clear sky on the crowd that gathered for the burial service.

WELL KNOWN YOUNG PEOPLE MARRIED HERE

Miss Edith Strandberg Bride of Mr. Ivan Smith in Pretty Home Ceremony.

At seven o'clock last evening the ceremony uniting Miss Edith Strandberg and Mr. Ivan Smith was performed at the home of the bride's parents, Mr. and Mrs. Frederick Strandberg, 542 South Diamond street. The church offices were filled by Rev. A. P. Howells.

The house had been handsomely decorated with flowers and presented a very attractive appearance. Green and white were the colors chosen and the desired effects were secured by the artistic use of flowers and foliage. Lucille Strandberg, little sister of the bride, was the flower girl, and the ring bearer was Alice Jane Smith of Springfield, a cousin of the groom.

Lucille O'Donnell, Francis O'Donnell, Esther Dumas and Olga Anderson were the little girls who served as ribbon bearers, making an aisle of white satin for the wedding party to pass thru.

Miss Catherine Gustafson, a cousin of the bride, was at the piano and Miss Eunice Hearle rendered a number of songs at the conclusion of the ceremony.

The bride's gown was of white Canton crepe, with an overdress of white silk all over lace. The veil was worn with a coronet of lilies of the valley and white satin ribbon, reaching to the hem of the dress. The bride carried a beautiful bouquet of white roses. The minister made the service in every way impressive.

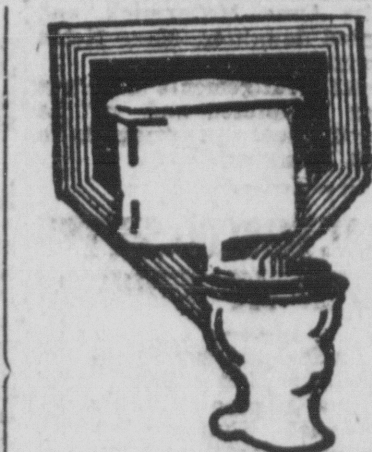

A reception for which generous arrangements had been made was given at the close of the ceremony, following which the bride and groom departed for a wedding journey.

Mr. and Mrs. Smith are both well and favorably known in this, their home city. They both graduated from J. H. S. within recent years. Mrs. Smith has been in the employ of the Cloverleaf insurance company for the past two years. She has been actively associated with the work of Central Christian church and is in every way an estimable young woman. Mr. Smith is a salesman in Myers Brothers clothing store, and has the confidence and good opinion of the firm. Numerous gifts received gave testimony to the high esteem in which these popular Jacksonville young people are held.

When they return from their trip, the bride and groom will make their home temporarily at 542 South Diamond street.

Among the out of town guests were Mr. and Mrs. A. L. Strandberg and daughter, Virginia, from St. Louis, Mo.; Mr. and Mrs. Carl Anderson and family from Virginia, and Mr. and Mrs. James Smith and family from Springfield.

TO BUILD ISOLATION HOSPITAL SOON

Passavant Trustees Took Action For This Purpose at Thursday Night Meeting—Other Business Matters Discussed.

The regular quarterly meeting of the Trustees of the Passavant Hospital was held last night at the hospital. A good attendance of the members was present. The meeting was opened with President Curry in the chair, with a prayer by Rev. W. H. Marbach. The reports of the officials showed the hospital to be in fine condition and everything going smoothly.

The executive committee was instructed to secure detailed plans and specifications for the new isolation building at once and to proceed with the erection of the building.

The Trustees voted to request the management of the Jacksonville Chautauque to hold the benefit of the hospital, the hospital to receive any profits that might accrue but to bear no responsibility should a loss incur. The meeting was closed by the serving of a delicious course of refreshments and a prayer by S. W. Nichols.

CLUBS AND SOCIETY

Entertain at Party
Mrs. Harold Hague of South of the city entertained yesterday at a delightful birthday party for her three years old daughter Vivian Iona. Games were played and delicious refreshments served to the young people. Among the guests who enjoyed a pleasant afternoon were Mildred Hembrough, Marie Hembrough, Mildred Smith and Pauline Hembrough.

Centenary Ladies Had Birthday Social.
Thursday afternoon the July birthday social of the Ladies Aid of Centenary church was held in the church parlors. The ladies whose birthdays occur during July were the hostesses, and were as follows: Mrs. Charles Hankins, Mrs. Thomas Clampt, Mrs. George R. Swain, Mrs. Alex Platt, Mrs. John Kirkman and Miss Emma Peterson.

During the business session Mrs. E. L. Kinney, the president, was in the chair. The program of the afternoon was very informal, Miss Ida Verner, superintendent of Passavant hospital being the only speaker. Miss Verner gave a very interesting account of what has been accomplished at the hospital with passing years, referring especially to the new nurses home and the laundry building.

A pleasant social hour came at the close of the meeting and at this time the hostesses served delicious refreshments.

Baptist Women In Regular Session.
The regular session of the Baptist Women's Union was held Thursday afternoon at the church. Mrs. E. O. Mayer, the vice president, was the leader of the afternoon and the general theme was "A Tropical Garden." A brief business session was held and at the close of this the ladies spent some time making surgical dressings for Passavant hospital. Some time was spent socially before the members departed for their homes.

Ebenezer Ladies Aid Meets In City.
Mrs. A. W. Waltman of 305 North Prairie street was hostess

to members of the Ebenezer Ladies Aid Society Thursday afternoon at the regular meeting of the organization. Fifteen members were in attendance and the session was an interesting one. Brief devotional exercises were led by Rev. F. E. Bracewell, following which some time was spent in discussion of business matters. Mrs. C. S. Black, the president, presided during the business session.

The Aid members are planning to redecorate and paint the church at a very early date, and it was reported that more than \$30 has been realized from the apron fund. Plans were also discussed for a chicken fry to be given in the not distant future. The hostess served delicious refreshments during the social hour which came at the close of the program.

Past Noble Grand Club Met With Mrs. Davis
Members of the Past Noble Grand club of Jacksonville Rebekah lodge No. 13 were entertained Thursday evening at the home of Mrs. George W. Davis, 724 South West street. Practically all the members were present and a very pleasant evening was spent.

At the business session the annual election of officers was held, when the following were chosen: President—Minnie Scott. Vice President—Mary R. Davis. Secretary-Treasurer—Minnie Linderman.

Following the transaction of various matters of business came a social hour, when the hostess served delightful refreshments. The next meeting of the club will be on Thursday, August 17, at the home of Miss Minnie Scott.

FUNERAL OF MRS. BULL WAS HELD THURSDAY

Remains of Mrs. Elizabeth Bull Laid to Rest at Harts Prairie Near Old Home.

Funeral services for the late Mrs. Elizabeth Bull were held at 2:30 o'clock Thursday afternoon at Harts Prairie Baptist church in charge of Rev. H. A. Sherman of Franklin. The edifice was filled with relatives and friends of the deceased, who was for so many years a resident of the Harts Prairie neighborhood.

Suitable music was furnished by a quartet including Mrs. W. E. Douglas, Rev. and Mrs. H. A. Sherman and A. G. Cody. The floral tributes were beautiful and profuse and were in charge of granddaughters of the deceased, Mrs. A. C. Kingsley, Mrs. H. M. Hodgson and Miss Reba Bull.

Burial was made in the Bull cemetery in the Harts Prairie neighborhood. The pall bearers were W. S. Seymour, S. B. Seymour, Augustus Seymour, J. L. Seymour, C. O. Seymour and W. E. Seymour, all nephews of the deceased.

Among those from a distance who attended the funeral were Madison Bull of Boardman, Minn., and Mrs. Morris Bull, Mrs. Annie King, Mrs. Mary Bell, Mr. and Mrs. W. E. Swift, all of Springfield; John Hart, Mr. and Mrs. S. W. Neighbour, Mr. and Mrs. James Neighbour, all of Palmyra; Mr. and Mrs. Eli Hayes of Atwater, Mrs. Sarah Seymour of Los Angeles, Calif.

DEATHS

Hegarty
Mrs. Thomas Hegarty of 1315 North Fourth street, Springfield, passed away at her home at four o'clock yesterday afternoon. Mrs. Hegarty was fifty eight years of age and leaves her husband and three daughters, Mamie of Chapin, Nellie of Springfield and Mrs. Margaret Scott of Rochester.

Deceased was a resident of this city and near Chapin many years before her marriage, when she moved to Springfield. Before her marriage Mrs. Hegarty was Miss Margaret Lynch and was well known and respected in this country.

Funeral services will be held at the home at 8:30 A. M. Saturday, and at 9:00 A. M. at the St. Joseph church.

Williamson
C. E. Williamson of West College avenue received word yesterday of the death of his brother John H. Williamson at his home in Bloomington. The deceased has been ill for four years.

At the time of his death Mr. Williamson was sixty four years of age. He is survived by his wife and one daughter and the following brothers and sisters: Mrs. R. L. Anderson of Crossville, Mrs. B. F. Lewis of Nokomis, C. E. Williamson of this city and J. A. Williamson of Franklin.

The funeral will be held Saturday at the home of the deceased in Bloomington. Burial will be made in a Bloomington cemetery.

Allen
Jefferson Allen of Kane, Illinois passed away yesterday at Our Savior's Hospital. He has been suffering from chronic trouble for several years but has only been very ill for the past week. The body was removed to the O'Donnell undertaking parlors.

The deceased was born in 1862, the son of John and Amanda Allen. In 1890 he was married to Rose Frech and became the father of the following children: Mrs. Meda Baker, Wilma Allen, Jacob Cecil, Harold, Ruben, Raymond, Gilbert and Paul.

The funeral will be held at the family home in Kane on Saturday.

Deatherage
Mrs. Lee Deatherage passed away at Our Savior's Hospital last evening about 10:30 o'clock after an illness of several months. Her death, while not unexpected, will be a shock to her many friends and relatives.

Mrs. Deatherage was beloved by all who knew her. Always ready to help those in need or trouble. She was a devout Catholic, a member of the Church of Our Savior and also of the Ladies Aid Society, of which she was one time secretary.

The deceased was born at Mt. Sterling, where she was united in marriage with Lee Deatherage, April 5, 1892. They came to Jacksonville soon after and have resided here ever since. She is survived by her husband, one sister, Miss Anna McCormick, and an adopted daughter, Mary Helen Deatherage.

Funeral arrangements have not yet been completed and will be announced later. Interment is to be in Mt. Sterling.

ANNUAL BURGEOO SUPPER IS GIVEN AT WOODSON

The Ladies Aid society of the Woodson Christian church gave their annual burgeois picnic and ice cream social Thursday evening in the church basement. The attendance was large and the patronage so liberal that a handsome sum was realized.

The Woodson band furnished a splendid program of music, throughout the evening. The general arrangements were in charge of a committee of which Mrs. Emma Taylor, the president of the Aid society, was the chairman. The dining room was in charge of Mrs. Fred Kitner, who had the assistance of a large corps of waiters. Mrs. J. H. Shirley was in charge of the kitchen, and the soup was made by Mrs. Taylor. Hamburger and pressed chicken sandwiches, pie, ice cream and cake and coffee were served in addition to burgeois soup.

ANOTHER OLD TIME THRESHING MACHINE

As several articles have appeared in the Journal lately about old time threshing machines perhaps your readers would be interested in one that was operated by the late Jonathan Middleton of Lynnvillle vicinity. It was called the Ground Hog. When moving from one job to another it ran on four wheels, which were taken off when threshing and the machine set flat on the ground and staked down, which was a tough job when the ground was frozen, as was generally the case as most all stacked their grain in those days.

The machine was fed from one side, a band cutter was needed, it had no stacker attached, a man was required to haul the straw from the tail end to the straw pile where it was pitched upon the stack by two men. One man did the stacking. The power was run by six horses, which were driven as a rule by S. F. Angelo. Jonathan Middleton and William Stans did the feeding taking turn about.

Six hundred bushels was considered a good run for a day. The machine operated many years around the Point west of the city.

G. W. Arundel of North Fayette street drove to Springfield yesterday.

CIVIL WAR VETERAN ANSWERS SUMMONS

William H. True Died at Age of 81—Served Term in Andersonville Prison—Mrs. Lee Deatherage Passed Away After Month's Illness—Other Deaths.

The death of William H. True, a long time resident of this city, occurred Thursday evening at the home of his nephew, Ralph H. Stringam, on West Walnut street, 1841, in Coles county, Missouri, and so was nearly eighty-one years of age.

In boyhood days he became a resident of Morgan county and enlisted here in the war of the Rebellion, in Co. K of the 14th regiment of Illinois infantry. He served in that company until December 9, 1863, and receiving his discharge immediately re-enlisted in Co. F, Veterans' battalion of the 14th and 15th infantry, serving until he was mustered out May 30, 1865 at Springfield.

The deceased was a prisoner in the famous Andersonville prison for more than seven months, and never in the succeeding years fully recovered from the effects of his imprisonment.

Mr. True, it will be noted, served thruout all the war period and he left a noble record of service for his country. Mr. True in early life became a member of the Baptist church, and his life was in every way consistent. He had been in comparatively vigorous health until recently, when his condition made a surgical operation necessary. It was a serious operation, performed several days since, and the aged man was unable to stand the shock to his system.

The year after the war Mr. True married Miss Louise B. Daniels, on Feb. 22, 1866. Their home was soon afterward established in Peoria and the ex-soldier became a railroad worker. He was advanced from time to time in the shops of the Rock Island road and when he left the service in 1909 he had served twenty-five years, much of the time as foreman.

It was Oct. 28, 1909, that Mrs. True died and soon afterward Mr. True came to this city and made his home with Mr. and Mrs. Stringam. There he received as tender care as could have been given him by his own children, and during his declining years he was surrounded by every comfort. Mr. True was a man of quiet and most kindly spirit. He was more than usually generous and never happier than when doing some friendly act for those about him. He was especially fond of children and the boys and girls of the neighborhood in which he lived found in him an unfailing friend.

The deceased always maintained his interest in his comrades and until the time of his death was a member of Bryner Post G. A. R. No. 67, of Peoria.

Interment will be made in Springfield at Oak Ridge cemetery, where the wife and child of the deceased are buried. The funeral arrangements have not yet been completed.

SEYMOUR FAMILY PLANS REUNION AT PARK HERE

Members of the Seymour family, many of whom reside in the Franklin neighborhood, are planning a reunion and picnic at Nichols park, Saturday, July 29. Basket dinners will be taken to the work during the morning hours and a day of rare enjoyment is anticipated by the large families in this particular part of the state.

The Franklin Times in this week's issue has the following to say of the family, and the coming picnic event:

"The Seymours have played a leading part in the development of Morgan county from pioneer days. Back in 1829, before the celebrated deep snow, members of the clan trekked in ox wagons from South Carolina to the borders of Apple Creek, south of Franklin, where they found a country to their liking and established their homes in the rude log cabins of the pioneer. Others left behind in the southland, enticed by reports sent back by the first comers, followed in a few years, and it was not long before the family became well established here. Nearly all of the pioneers had large families, and with the passing of the years the membership has increased until it numbers hundreds. In the course of events, many have moved to other communities and states, and it is expected that quite a number of these will be on hand for the big gathering one week from Saturday. Burley Wright and Finis Seymour are in charge of the preliminary arrangements."

BIRTH
Born Wednesday morning to Mr. and Mrs. R. B. Oxley of Franklin at Passavant hospital a daughter.

SEN. NORRIS REPORTS ON MUSCLE SHOALS

Comprehensive Report Submitted to Senate on Henry Ford's Offer for Purchase and Lease of Muscle Shoals Property—Offer Dealt With in Unsparring Terms.

Washington, July 20.—(By The Associated Press.)—In a comprehensive report submitted to the Senate today by Chairman Norris of the Senate Agricultural Committee, Henry Ford's offer for the purchase and lease of the government's war-initiated projects at Muscle Shoals, Alabama, is condemned in unusually strong language, while the Nebraska Senator's proposed development of the properties under a government owned and controlled corporation, is described as "the most wonderful plan" that has ever been proposed in the history of the country.

On the question of the Ford bid, the report says, Senators Page, McNary, Keyes, Gooding, Norbeck, Harrell, and McKinley, Republicans, and Kendrick, Democrat, concur with the chairman. With reference to the government ownership proposal, the report gives the names of five Senators, Norris, McNary, Gooding, Norbeck and McKinley, who favor its passage by the Senate for the solution of the Muscle Shoals problem.

Minority Opinion.
Because of this lineup of the Committee members, the report is characterized as a minority opinion insofar as it expresses approval of the government ownership bill but is presented as a majority report insofar as it deals with the rejection by the committee of all proposals for Muscle Shoals development.

The Ford offer is dealt with in unsparring terms. Its adoption, the report says, would put "the government of the United States into business with a vengeance," adding that "those who ask Congress to accept the Ford offer ask us, in effect, to lease this property to this corporation without any real consideration, and then in addition thereto, guarantee to repair and keep and maintain it in good condition for a period of one hundred years."

It is difficult to harmonize the idea of Mr. Ford's fairness, the report continues, "with his silence on this subject, when his name is so often used in exaggeration and misrepresentation as to just what he does offer to do. The country has been given to understand that Mr. Ford has guaranteed to reduce the cost of fertilizer by one half. He has done nothing of the kind. He has made no guarantee of any kind in the way of reduction of the cost of fertilizer. The country has been given to understand that he pays the government four per cent interest on its investment in the two dams. He does nothing of the kind. He has not made any such offer and no such proposition is included in his bid. Giving his corporation credit to every dollar that it pays, he will be paying to the taxpayers less than three per cent on the money which he uses out of the Treasury of the United States, and when we consider that this loan runs for one hundred years, it requires even the stretch of the imagination to understand the enormous profit that this corporation secures in this one item alone.

In Big Figures.
"Assuming that a fair interest rate in the commercial world is six per cent interest, this would give his corporation during a hundred year period, a total gift of cold cash of \$236,250,000 and if this money were compounded as Mr. Ford asks the government to compound what he pays, the profit to the corporation at the end of the one hundred year period would be \$14,500,000,000. This is more than half our total cost of the world war.

"The country has been given to understand that the Ford offer provides for the repayment to the government within the one hundred year period, the entire investment that the government has made. His offer does nothing of the kind. On the other hand, the total payments included in the offer of both interest and amortization, amount to less than three per cent on the investment and he never pays one dollar of the principal. The people of the country have been led to believe that the Ford offer means a reduced price for electricity to the consumer. It means nothing of the kind. He has not agreed to furnish a single kilowatt to any home or to any manufacturing concern except his own. The mighty power at Muscle Shoals will be devoted entirely and exclusively to the use of the great corporation which Mr. Ford will organize.

"When we bring together the results that must follow from these two divisions of the Ford offer, the mind is dazed at the unreasonableness of the proposition, at the enormity of the gift. With the expenditure of no money there is to be turned over a corporation property of the value of more than \$100,000,000 and the right and privilege to extort unjust profits from the citizens of this country without limit."

Other features of the Ford proposals are vigorously attacked. That proposing the hundred year lease of the water-power project, the report asserts, would make the Federal Water-power act, in effect, "a scrap of paper."

The document asserts that Mr. Ford is not claiming many things claimed in his behalf by many of "those who are spreading the wonderful propaganda over the country demanding that Congress shall accept his offer."

"If there were no other reason for rejecting this offer, the document adds, 'it ought to be rejected for this one provision alone, and if it is accepted with this provision in it, then Congress ought to lay down the bars and permit any organization organized by any other person to have the same privilege and the same right of a lease for 100 years of complete and unregulated control of power developed from our navigable streams.'

It is estimated that a total amount paid by the Ford Corporation by amortization during the 100 year period would be only \$4,368,398, and the rate of interest paid by Mr. Ford on the money provided by the Treasury is shown to be 2.79 per cent rather than 4 per cent.

Government Development.
Regarding Senator Norris' bill proposing Government development and operation for the Muscle Shoals projects, the report contains a reference to the attitude of Senators, who, it says, are seemingly "determined to turn this property over to Mr. Ford or absolutely prevent its development by anyone."

Seven members of the Agricultural Committee who voted for the favorable report of the Ford offer and opposed a favorable report on the Norris bill are mentioned in this connection.

"In this bill there is offered to the country and particularly to

the Southern States, the most wonderful plan for the development of power on the Tennessee river, and its distribution over the Southern States, that has even been proposed in the history of our country, and it is difficult to understand how representatives from that section, could block a progress of this kind and insist that this great property should be turned over practically without consideration to one corporation and that the power on the great Tennessee river should be leased for 100 years without regulation and without restriction."

The report points out that electricity developed at Muscle Shoals should be furnished to municipalities at as near cost as possible and should be so distributed that all of the people, both rich and poor, would receive a proportionate benefit from the cheapening of electrical energy. That is the idea that the Norris bill seeks to accomplish, the report adds.

The document concludes with a detailed comparison between features of the Ford offer and those of the Norris bill and emphasizing what he describes as greater advantages the people will obtain from Muscle Shoals development under the latter proposal.

A VISITOR FROM DETROIT
George S. Mauzy of Detroit is visiting friends in Jacksonville and his daughters, Mrs. H. C. Shay and Mrs. George Ennis at Roodhouse. Mr. Mauzy lived many years in Jacksonville and was for some time connected with the Journal away back in the time it was managed by Ironmonger & Smith.

In those days much was done by hand and he well remembers the time when the paper was being printed he had to stand by with a roller and ink the forms each time a page went under the press. He also dealt some in live stock later and knew many in and about the city. His aged mother lived on North Sandy street well nigh four score years and was widely known and respected.

FARM BUREAU NOTES

Cultivating Corn With Planter Wheels

Yesterday we saw Bert Way of Concord using an ingenious arrangement in large corn for getting rid of some weeds, and making a dust mulch at the same time. Mr. Way was using two planter wheels and a team of horses dragging two rows at once. Weights were put on the front side of the wheel to hold them down. As double trees were not used, the checks were the only thing to come in contact with the row of corn. With this arrangement Mr. Way can mulch fifteen acres of corn per day.

What are Greasers?
Yesterday J. H. Bigger, field entomologist and the writer spent a part of the day visiting melon growers in the vicinity of Mercedosa. All of these fear a pest called locally the greasers. As yet no attacks of consequences have been reported. After visiting several farms we secured specimens showing what was meant. The entomologist knows these as melon aphids. The insects cause the leaves to curl up and do very little good. Spraying with nicotine sulphate is the standard recommendation altho the growers sometimes dig a hole and bury the infested plant or throw on straw and burn it. In either case they try to avoid scattering the insects.

Local Apple Prospects
Judging from what we have seen in the orchard of Dr. N. J. Hughes of Waverly, and J. W. Wallace of Chapin, we are in for from one fourth to a half crop of apples. Spraying at both orchards has put the codling moth out of business. The blemishes found on the fruit are due to scab.

Culling Farm Poultry
We have been wondering what we could say that was new on the subject. Prof. L. E. Card of the College of Agriculture at Urbana has furnished the following statement which contains some new thoughts.

Feeder Cattle Direct to Feeder
C. F. Monroe Director of Extension Work at the State College of New Mexico is making an especial effort to sell cattle direct from the ranch to the feed lots in the corn belt. Our feeders ought to welcome the change, if it comes. All complain that on the open market they must compete with the packers for stuff with any quality.

BROOKLYN DEFEATED CHICAGO 11 TO 7

Kaufmann's Wildness Coupled With Errors and Hard Hitting Gave the Dodgers an Early Lead.

CHICAGO, July 20.—Brooklyn defeated Chicago 11 to 7 in a hectic game today. The wildness of Kaufmann, coupled with errors by Terry and some free hitting, accounted for the early lead of the Dodgers and they made the game safe by hitting Eubanks hard behind his passes. Close Finishes In Grand Circuit Races

KALAMAZOO, Mich., July 20.—Close finishes in which the winners of the four events were crowded today and forced to the limit in order to annex each heat was the feature of the afternoon's Grand Circuit racing bill at Recreation Park.

An average time of 2:06 2-3 was made in the 12 heats raced. In three of the 12 miles it required a decision from the judges stand to determine the winner. In several other miles less than a length separated the first and second horses with the field close up.

The big upset of the day took place in the 2:07 trot when Main Lick, the favorite finished fifth in the three heats with Pop Geers, Peter June leading.

Tommy Murphy drove Princess Etawah to victory in straight heats. The Murphy mare finished behind the Cox entry in the opener. Voltage and Walter Sterling split third honors.

The best mile of the afternoon was hung up in the 212 pace when the Southern filly Abbey took the favorite, travelled the second heat in 2:04 1/2. The Thomas entry took the race in straight heats with King Bingen and Robert M. taking turns at hurrying the winner along lively down the stretch.

Lee Tide and Noble Argot, were even up favorites in the 2:19 trot. The Cox entry travelled thru to expectations by taking two out of three heats, also finishing second to Frederick K. taking the opening mile while the best the Geers horse could do was to trail the pair except in the second mile when the Memphis star came in second in a closely bunched finish.

Be Your Own Administrator

With the use of life insurance you can direct your financial affairs from beyond your grave. You can arrange with a life insurance company to pay your dependents a certain amount monthly, or otherwise. You can arrange for the company to pay off your mortgage at your death.

If your estate is not sufficient to support your family in case of your death, a life insurance company will "loan" you an estate until you have accumulated one of your own.

Modern life insurance offers you untold advantages in arranging the financial program of your life. Consult us as to some of these advantages.

STOCK MARKET
FIRM AND STRONG

By Associated Press.
NEW YORK, July 20.—The
stock market was firm to strong
during the first half of today's
fairly active session, but develop-
ed irregular tendencies later on
renewed selling of prominent spe-
cialties including the motors.
Traders for the long account
showed greater caution as a re-
sult of the less favorable aspects
of the coal and railroad strikes,
the shares of those descriptions
were well supported.
Offerings of automobile issues
were attended by rumors dealing
with the financial status of sev-
eral prominent companies, but
general conditions in the motor
trade were declared to be favor-
able.
Washington advices intimating
that the federal trade commission
is likely to announce formal ap-
proval of the Republic-Midvale-
Inland merger stimulated further
buying of secondary steels and U.
S. Steel established a new quota-
tion for the current movement.
Pierce Arrow preferred and
Studebaker led in the final hour
reaction. Sales amounted to 725-
000 shares.
Call loans rose in the last hours
from 4 to 4½ per cent. Two and
three months money was offered
at 3½ per cent and some longer
maturities were negotiated at 4
per cent with an increase. De-
mand for commercial paper was
strong.
Part of yesterday's setback in
the leading foreign exchanges was
recovered. Sterling was firm,
allied bills improved 2 to 10
points and the German mark also
rallied. United States war loans
again dominated the bond mar-
ket, new high records being estab-
lished by First 4½s at \$101.26; Third
4½s at \$100.70 and Fourth 4½s
at \$101.24.
Total bond sales (par value)
aggregated \$14,182,000.

The Honest Way

PIGGLY WIGGLY stores are a national affair with each city and town unit co-operating with all other town units toward a lower cost in operation and with ability to make lower prices.

Whether One Buys or Whether One Merely Looks—In Either Case It's All Right With PIGGLY WIGGLY

A "Different" Store

Come and get a present and see for yourself that a PIGGLY WIGGLY store is different from any other store in the world—that it looks different; that the system is different; that the prices are lower; that the assortment of food products is greater; that the orderly arrangement of the entire store makes it possible to have an absolutely clean store.

Operating Cost

The operating cost of PIGGLY WIGGLY stores is lower than any heretofore known method of retail distribution. This saving in operating cost is given to the consumer, affording prices which are savings that cannot be obtained elsewhere.

Food Products

Food products of a variety including fresh fruits and vegetables, of more than one thousand items, each item priced by a swinging price tag. Nationally known advertised brands of a most comprehensive assortment is the class of merchandise to be found in every PIGGLY WIGGLY store.

Visitors Welcome

You can look and be at home in this store and go through its two separate aisles upon a tour of inspection as to the merchandise, as to its cleanliness, as to the prices—and for so doing you will be handed a present, that you may know we are glad that you came.

Your Own Decision

If you see something that you want to buy of your own free will, without persuasion from anyone, without intimation from anyone, without suggestion from anyone, without mental contact whatsoever with anyone—if you want to make a purchase voluntarily, we, of course, will be glad to have you as a customer.

Thousands Saved

The main thing, however, that we want everybody to know is, that it is desired to have Jacksonville women and Jacksonville men come and look at this wonderful store. We will be satisfied with their judgment of our claim that Jacksonville will have a saving in her food bill that will go into thousands of dollars by cashing in on the opportunity afforded by PIGGLY WIGGLY stores.
